

Join us on March 3 to:

- promote World Birth Defects Day,
- raise awareness of birth defects and
- expand birth defects surveillance, prevention, care and research worldwide

You can:

Promote on websites and social media channels

Organize a meeting for the general public

Write an article for a magazine or newspaper

Organize a press conference

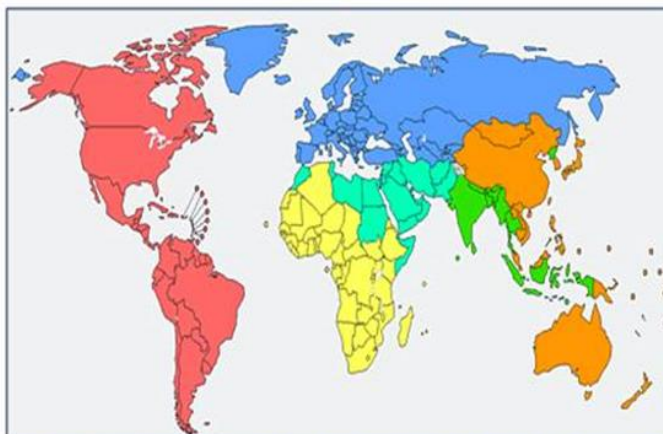

Organize a social event

Organize a scientific meeting

...or any other activities to disseminate information

WBDD Partners by World Health Organization Region
Total: 191

Worldwide: 5
